

Maksym Smoliak

Web/ Front-end/WordPress Developer

Greetings! I am Maxim, an experienced freelancer and web developer who has been working in the field of website development for more than two years. My goal is not just to create web pages, but to create masterpieces that are not only beautiful, but also bring practical benefit and profit.

Skills

- Web development: HTML, CSS, JavaScript
- WordPress: Integration of sites with CMS WordPress, development of custom themes
- Layout and styling: BEM, SASS, SCSS, Gulp
- Animation: CSS animation, a rich range of animation effects
- Responsive design: flexible adaptation from desktop to mobile screen sizes
- Cross-browser compatibility: ensuring the correct display of sites in different browsers
- Iconic fonts, SVG sprites and SVG animations
- Understanding and following the principles of SEO optimization
